Saint Lucia

Saint Lucia is an Eastern Caribbean island nation with a pair of dramatically tapered mountains, the Pitons, on its west coast. Its coast is home to volcanic beaches, reef-diving sites, luxury resorts and fishing villages. Trails in the interior rainforest lead to waterfalls like the 15m-high Toraille, which pours over a cliff into a garden. The capital, Castries, is a popular cruise port.

Saint Lucia was inhabited by the Arawak and Kalinago Caribs before European contact in the early 16th century. It was colonized by the British and French in the 17th century and was the subject of several possession changes until 1814, when it was ceded to the British by France for the final time.

The spoken language in St Lucia is English and St Lucian Creole French.
